

Gray Connors - These Days

tom:
 Gb (forma dos acordes no tom de E)
 Capostraste na 2ª casa

I'm not playing games
 I'd call you up but you would say "Hello?"
 Then I wouldn't know what else there's to say
 'Cause I know nothings changed
 And I bet you feel the same
 Wonderin' 'bout me, like "How is she?"
 But it don't matter, told yourself you'd let it go
 Oh, I gotta know

[Pré-Refrão]

Am I taking space up in your mind?
 Am I the call you can't decline?
 Are you going crazy
 'Cause you left this love behind?

[Refrão]

I spend days wishing you stayed
 And you spend nights wishing my face away
 But it won't go away
 And I know we can't work this out
 But I just can't forget you somehow, baby
 Do you still think about me these days?

[Segunda Parte]

He's a ticking time bomb
 He misses me but we can't speak
 Because he tells himself that loving me is wrong
 And he's gotta stay strong
 So he'll stay distracted
 Spends his nights in brand new places
 With new faces, tell himself it's what he wants
 Is this really what you want?

[Refrão]

I spend days wishing you stayed
 And you spend nights wishing my face away

But it won't go away
 And I know we can't work this out (work this out)
 But I just can't forget you somehow, baby
 Do you still think about me these days? Oh!
 [Ponte]
 Clubs in LA
 With no champagne
 In the crowd but your minds somewhere else
 In my arms, with me, I know that's where you'd rather be

Remember those days

You and me, babe?
 You felt free and you could be yourself
 Oh back then you loved me so
 I gotta know if you do now
 (Bm A)

[Refrão]

I spend days wishing you stayed
 And you spend nights wishing my face away
 But you can't escape
 And I know we can't work this out
 But I just can't unlove somehow, baby
 Do you still think about me these days? Oh

[Final]

Clubs in LA
 With no champagne
 Remember when you could just be yourself?
 Your lowest lows, your broken home
 I loved it all without a doubt
 Remember those days
 You and me babe
 You felt free and you could be yourself
 Oh back then you loved me so, I gotta know
 If you do now (if you do now)
 If you do now
 Do you still think about me these days?
