

# Green Day - 1981

tom:  
[Refrão]  
She's gonna bang her head like 1981  
She's gonna bang her head like 1981 (so long, farewell)  
She's gonna bang her head like 1981  
She's gonna bang her head like 1981

[Primeira Parte]

She's throwing punches to the beat  
To the sound of cable TV  
And she'll never see the world the same  
She is a Cold War in my head  
And I am East Berlin  
On the danger side of parts unknown

[Pré-Refrão]

Coffee and cyanide for lovers in disgrace  
If this is not a test  
We got one foot in the grave

[Refrão]

She's gonna bang her head like 1981  
She's gonna bang her head like 1981 (So long, farewell)  
She's gonna bang her head like 1981  
She's gonna bang her head like 1981, go!

[Ponte]

Crimes, foreman of the time  
Champagne and party lives  
God bless the end of times  
Pain, commies and cocaine  
Slamdance in acid rain  
We live the dream for fifteen minutes of fame

[Refrão]

She's gonna bang her head like 1981  
She's gonna bang her head like 1981 (So long, farewell)  
She's gonna bang her head like 1981  
She's gonna bang her head like 1981 (So long, farewell)

[Final]

So long, farewell  
( )

## Acordes
