Waiting in a room

All dressed up and bound and gagged

She puts me through is what I need

E
So make it bleed

Dbm
I'm in distress, oh mistress

E
I confess so do it one more time

These handcuffs are too tight

Dbm
You know I will obey, so please

Don't make me beg

A **B**
For blood, sex and booze you give me

E
Some say I'm disturbed

D **Dbm**
But it's what I deserve, another lesson

A **B** **E**
To be learned...from a girl called kill

E
My head is in the gutter

C
Thank you sir, strike up another mandolin

Of discipline

E
Throw me to the dogs

Let them eat my flesh down

C
To the wood

E
It feels so good

Dbm
I'm in distress, oh mistress
