VERSE 1

G **C**
I declare I don't care no more
G **C** **F** **G**
I'm burning up and out and growing bored
F **D**
In my smoked out boring room
G **C**
My hair is shagging in my eyes
G **C** **F** **G**
Dragging my feet to hit the street tonight
F **D**
To drive along these shit town lights

CHORUS

C **G**
I'm not growing up
C **F** **G**
I'm just burning out
C **F** **D**
And I stepped in line to walk amongst the dead

VERSE 2

G **C**
Apathy has rained on me
G **C** **F** **G**

Now I'm feeling like a soggy dream
F **D**
So close to drowning but I don't mind
G **C**
I've lived inside this mental cave
G **C** **F** **G**
Throw my emotions in the grave
F **D**
Hell who needs them anyway

C **F** **D**
And I stepped in line to walk amongst the dead... |
