

Green Day - Carpe Diem

Tom: **Db**

Intro: **Db Gb Ab Db Db Ab Gb Db**

Breaking in a sweat, like a bomb threat

Here's your silhouette fading out

Nothing left to lose, detonate the fuse

Another break in this blow out

Ain't it beautiful? So unusual?

Life's a guess and it's running out

Living a cliché, gonna seize the day

Bottle rockets to celebrate

Db Ab Db Ab

Db Gb Ab Db
Carpe diem, a battle cry

Db Ab Gb Db
Are we all too young to die?

Db Gb Ab Db
Ask for reason and no reply

Db Ab Gb Db
Are we all too young to die?

Gb Db Gb Db
Making a living, making a killing

Gb Db Ab
What's worth forgiving? **A** lie?

Ab Db Ab Db
A blink of an eye, barely scraping by

Db Ab
Dominated by passer-bys

Ab Db Ab Db

Feeling out of luck, when the traffic's stuck

And you're feeling so left behind

Getting off a binge, get a second wind

Another promise to make a change

Got a broken wing, hear the angel sing

When the single is out of range

Db Ab
Ain't it strange?

Db Gb Ab Db
Carpe diem, a battle cry
