

Green Day - Haha You're Dead

Tom: **C**
Intro: **C G A**

(**C** **G** **A**)
How do you get your sleep at night?
How did you get your noose so tight?
Like chewing on tinfoil, it's so much fun
Gonna be dead before your gone

(**F** **C** **G**)
Cause look how things have gotten
And I'll be happy so I won't pretend
And I'll be cheering that you're going down
And I'll be laughing, I'll be laughing

(**C** **G** **A**)
How many feelings can you steal?
Gotta be part of your appeal
I can see through you cause you're wearing thin
Like chewing on tinfoil once again
