

Green Day - Rotting

```
Tom: C
   Riff 1
I'm rotting inside,
My flesh turns to dust,
Whisper are you dying in my ear. 
 C (com Riff 1) G
I'm so sick of death,
Tumors in my head,
Whisper are you dying in my ear.
Ab
Red rose of death.
Ab
In my fist I clutch.
Thorns shred my fingertips.
And drips of toxic blood.
Kiss me one last time,
Cloth off my sweat,
                                       C

As my bones they rust,
With every ounce of trust,
Whisper are you dying in my ear.
Ah
Red rose of death.
Ab
In my fist I clutch.
Ab
Thorns shred my fingertips.
And drips of toxic blood.
