

# Green Day - Suffocate

Tom: **A**

**Db** (Pm)

3 AM, I'm drunk again  
My head is standing underneath my puke

(**Gb** - **Ab**)

So make it stop, I'm getting off  
Make it stop, I'm getting off

**Db** (Pm)

Sedatives and dizzy spells  
And feeling like a salad in my puke

(**Gb** - **Ab**)

So make it stop, I'm getting off  
Make it stop, I'm getting off

Well, slipped into a coma once again

**Gb**

Where's my organ donor

**Ab**

Lend a hand

**Db** - **Gb** - **Ab**

So when you think you're all alone  
No one's left to come around  
Drop like flies and empathize

**Gb** - **Ab**

Cause I know that I will someday  
And I know that I will suffocate

(**Gb** - **Ab**)

Suffocate, suffocate, suffocate

**Db** (Pm)

One night stands and cheap regrets  
I take another drag off of my cigarette  
So stop, I'm getting off

(**Gb** - **Ab**)

Make it stop, I'm getting off  
One last stop for one track mind

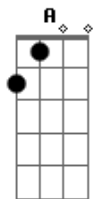

**Db** (Pm)

Just give me shelter, give me give me something

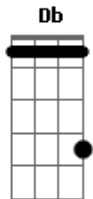

(**Gb** - **Ab**)

Make it stop, I'm getting off  
Make it stop, I'm getting off
