```
Tom: C
  Am
              G
What good is love and peace on earth?
When it's exclusive?
                              Dm F
Where's the truth in the written word?
If no one reads it
A new day dawning
Comes without warning
So don't think twice
                   Am F C G Am F C
We live in troubled times
 E Am F C G Am F C E
We live in troubled times
            G
What part of history we learned
When it's repeated
{\rm Some\_things\ will\ never\ overcome}
If we don't seek it
The world stops turning
Paradise burning
So don't think twice
                   Am F C G Am F C
We live in troubled times
                   Am F C
We live in troubled times

```
We live in troubled times
           Dm G
We run for cover
      C
Like a skyscraper's falling down
Then I wander like a troubled mind
Am G Dm F E C
