A **G** **A**
Now it seems I can't keep my mind off you

My mind drifts back to better days we've been

through
A **G** **A**
Like sitting on the tops of the school grounds
A **G** **E**
The love I bitched about I finally found

D **A** **G** **Gb**
But now it's gone and I take the blame
D **E** **A**
So there's nothing I can do but take the pain ... why?
A G Gb (x2)

A **G** **A**
Now I dwell on what you remind me of
A **G** **E**

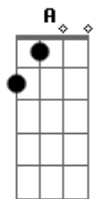

A sweet young girl who sacrificed her love
A **G** **A**
As for me I am blind without a cause
A **G** **E**
And now I realized what I have lost

D **A** **G** **Gb**
It was something real that I could've had

Now I play the fool who's stable's all gone bad ... why?

A **G** **E**
Tell me the words I might have said
A **G** **E**
It's pumping pressure deep inside my head
A **G** **E**
Was it bad enough to be too late
A **G** **E**
Just tell me the words I might have ate
G **E**
The words I might have ate ... - 3x

OUTRO: **A G Gb**
