Intro: Seasons greeting cards and Christmas  
Lights light up the city  
At the end of the year  
This time I got no resolutions  
Giving thanks for nothing

But joy into the year

Verso  
Tonight friends are what its worth  
Peace and love on Earth  
And another year giving thanks again  
The sleigh bells deck the halls with good will  
Say a prayer the lost souls  
Christmas time of the year

Chorus  
Tonight friends are what its worth  
Peace and love on Earth  
And another year giving thanks again

Verso  
The sleigh bells deck the halls with good will  
Say a prayer the lost souls  
Christmas time of the year

Solo

Chorus  
Tonight friends are what its worth  
Peace and love on Earth  
And another year giving thanks again

Ultimo Verso  
Somewhere around a plastic manger  
Giving thanks to strangers  
Christmas time of the year
