

## **Gregory Alan Isakov - The Stable Song**

```
Tom: D
 (forma dos acordes no tom de C )
Capostraste na 2ª casa
Remember when our songs were just like prayers
Like gospel hymns that you called in the air
Come down come down sweet reverence
             G Am
Unto my simple house and ring...and ring
Ring like silver, ring like gold
                           G Am
Ring out those ghosts on the ohio
Ring like clear day wedding bells
Were we the belly of the beast or the sword that fell...we'll
never tell
                              C F7M C
Come to me clear and cold on some sea
                        F7M
Watch the world spinning waves...like machines
Now i,ve been crazy couldn't you tell?
I threw stones at the stars, but the whole sky fell
Now i'm covered up in straw, belly up on the table
```

```
Well and drank and sang, and passed in the stable
(Em F7M C F7M C)
(Em F7M C F7M C)
That tall grass grows high and brown,
                                                F7M
                                        Am
Well i dragged you straight in the muddy ground
And you sent me back to where i roam.
Well i cursed and i cried, but now i know...now i know
And i ran back to that hollow again
The moon was just a sliver back then.
And i ached for my heart like some tin man
                                                    F7M
When it came oh it beat and it boiled and it rang... oh, it's
Ring like crazy, ring like hell
Turn me back into that wild haired gale
Ring like silver, ring like gold
Turn these diamonds straight back into coal
Turn these diamonds straight back into coal
```
