

# grentperez - Absence Of You

tom:  
Intro: Am Bm Em C  
Am Ab G  
(It's a sad song)

[Primeira Parte]

Maybe I'm learning to love you less  
You said your goodbyes but I haven't said mine yet  
I laid down in the fires and watched it turn blue  
As the cinders feel on memories of you

[Pré-Refrão]

But I'm okay now  
I've finally figured you out  
My rosy eyes are tired so I'll  
Close them for now

[Refrão]

And I'm on my way out  
To paradise  
There's a world away that's waiting for me  
Waves always break  
When you're on my mind  
Now the absence of you sets me free

[Segunda Parte]

You'd leave me notes around the house, then you're gone  
Said things like, "I'm out, I'll be late don't wait up"  
I let you keep your distance but I hated keepin mine

If you loved me you would learn to compromise

[Pré-Refrão]

But I'm okay now  
I've finally figured you out  
My rosy eyes are tired so I'll  
Close them for now  
Close them for now

[Refrão]

And be on my way out  
To paradise  
To a world away that's waiting for me  
Waves always break  
When you're on my mind  
Now the absence of you sets me free

[Final]

And I'm on my way  
Out to paradise  
To a world away that's waiting for me  
Waves always break  
When you're on my mind  
Now the absence of you  
Sets me free  
Now the absence of you sets me free  
Now the absence of you  
Sets  
Me free
