## Greta Van Fleet - Edge Of Darkness

```
Tom: Gb
                                                               [Pré-Refrão]
    [Intro] Gbm A D
                                                               Е
m
                                                                                              D
       Gbm A D
                                                                    And to think we found the time
       Gbm A D
       Gbm A D
                                                               [Refrão]
Gbm
                            D
                                                                     Α
     Every day's a new day
                                                               Oh my brothers we stand
Gbm
                            D
                                                                                                   D
                      Α
     Every way's a new way
                                                               For the peace of the land, is there meaning?
Gbm
                       Α
    On the edge of darkness
                                                               Oh, I got love in my heart
Gbm
                                  D
                                                                     G
                        Α
                                                                                       D
                                                               For an army apart, I am bleeding
    Finding out what it means to love
[Pré-Refrão]
                                                               Oh my brothers we stand
F
                               D
                                                                       G
                                                                                                   D
                                                               For the peace of the land, is there meaning?
    And to think we found the time
[Refrão]
                                                               Oh, I got love in my heart
                                                                      G
     Α
                                                               For an army apart, I am bleeding
Oh my brothers we stand
                                                               [Ponte] Gbm E
                                    D
       G
For the peace of the land, is there meaning?
                                                               Gbm
                                                                            F
Oh, I got love in my heart
                                                               Yeah, yeah!
      G
                                                               Gbm
                                                                            F
For an army apart, I am bleeding
                                                               Yeah, yeah!
                                                                            F
                                                               Gbm
                                                               Yeah, yeah!
     Α
Oh my brothers we stand
                                    D
                                                               [Refrão]
       G
For the peace of the land, is there meaning?
                                                               Oh, I got love in my heart
Oh, I got love in my heart
                                                                                      D
      G
                                                                      G
For an army apart, I am bleeding
                                                               For an army apart, I am bleeding
Gbm
    Always searching for love
                                                               Oh my brothers we stand
Gbm
                                D
                                                                                                   D
                                                                       G
    Always searching for life
                                                               For the peace of the land, is there meaning?
Gbm
                          Α
    What the world is made of
                                                               Oh, I got love in my heart
Gbm
                                                                      G
    When I'm thinking it's right
                                                               For an army apart, I am bleeding
                                                               [Final] A G D
