

# Grimes - Oblivion

tom:

C

I never walk about, after dark  
F C G Am  
It's my point of view  
C G  
If someone could break your neck  
Am F  
Coming up behind you, always coming  
C  
And you'd never have a clue

C G Am  
And now I'm left behind, all the time  
F C  
I will wait forever,  
C G  
Always looking straight  
Am F C  
Thinking, counting, all the hours you wait

( C G Am )

F C G Am  
See you on a dark night  
F C G Am  
See you on a dark night  
F C G Am  
See you on a dark night  
F C G Am  
See you on a dark night

C G Am

And now another clue, I would ask  
F C  
If you could help me out  
C G  
It's hard to understand  
Am  
'cause when you're really by yourself  
F C  
It's hard to find someone to hold your hand

C G Am  
And now it's gonna be tough to me  
F C  
But I will wait forever  
C G  
I need someone else to look  
Am  
Into my eyes and tell me  
F C G  
Girl you know you gotta watch your health

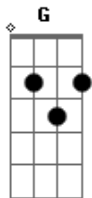

Am  
To look into my eyes and tell me  
F C G  
La la la la la  
Am  
To look into my eyes and tell me  
F C G Am  
La la la la la  
F C G Am  
La la la la la  
F C G Am  
La la la la la

( F C )
