

Josh Groban - So She Dances

Tom: G

A waltz when she walks in the room
 She pulls back the hair from her face
 She turns to the window to sway in the moonlight
 Even her shadow has grace
 A waltz for the girl out of reach
 She lifts her hands up to the sky
 She moves with the music
 The song is her lover
 The melody's making her cry

So she dances
 In and out of the crowd like a glance
 This romance is
 From afar calling me silently
 A waltz for the chance I should take
 But how will I know where to start?
 She's spinning between constellations and dreams
 Her rhythm is my beating heart
 So she dances

In and out of the crowd like a glance
 This romance is
 From afar calling me silently
 I can't keep on watching forever
 I give up this view just to tell her
 When I close my eyes I can see
 The spotlights are bright on you and me
 We've got the floor
 And you're in my arms
 How could I ask for more?

So she dances
 In and out of the crowd like a glance
 This romance is
 From afar calling me silently
 I can't keep on watching forever
 And I'm givin' up this view just to tell her
