Behold the night sky brings us a new star today
Catch it before it passes away
For all those star wise become fools today
Rally round the table so I man can pray
Oh myself at peace, with my heart, and soul, and livity
Only to reveal finally the source of
Dreams of wars, dreams of war, dreams of wars
I know Jah, oh the man thought I warrior
Oh them thought I warrior, they tought I warrior
Oh Iya say a the man

Bbm **E Ebm** **Bbm E Ebm**
Don't blame the Ites, for what who these eyes can't see
Don't blame the people who gather themselves by the shore
Seeking something more,

Ebm **B** **Abm**

If they can see the light why can't you see
The truth is not what it may seem to be
While all of them a holler at we
For so long, oh so long. Here so very long, oh so long
Oh long, oh long, oh long (2x)

Dem a stumble pon a dis a war to come well now
