

guardin - I Think You're Really Cool

tom:
Capostrate na 3ª casa

Em
This song brings on the weather
Teardrops upon my sweater
G
I cry in bed whenever
I see you guys together
Em
Fuck love it's all a lie
I can't sleep I'd rather die
G
Than see that look in your eye
It sucks that I'm not your guy, but
Em
I think you're really cool like
G
I think you're really cool like
Em
Yeah, I think you're really cool like
G
Yeah, I think you're really cool like
Em
I packed my bags last week
Sunrise and I'm on my feet
G
Let's skip town and chase our dreams
'Cause this place ain't what it seems
Em
So come home, let's synchronize
My soft lips caress your thighs
G

You, get me so fucking high
The voices in my head collide, and
Em
I think you're really cool like
(I think you're really cool like)
G
I think you're really cool like
(I think you're really cool like)
Em
Yeah, I think you're really cool like
(I think you're really cool like)
G
Yeah, I think you're really cool like
Em
Keep your voice down, she don't care no
I can't breathe I've got no air
G
No sympathy for my despair
I cut my wrists and grow my hair
Em
I'm outta my mind (out of my mind, yeah)
G
I'm outta my mind
(out of my mind, yeah, yeah)
I think I'm outta my mind
G
I think I'm outta my mind
Em
I think I'm outta my mind
G
I think I'm outta my mind
Em
I think I'm outta my mind
Em
I think I'm outta my mind
