

Guiga T - I Love You (Okay)

tom:

G

I'll be honest I'll be true

There's noone heere like you, in this world, like you

By your side I can be free, everywhere I want to be 'cause you're with me

Am Cadd9

I went through the clouds I went through the rain

Am Cadd9

We were aboard the crazy train

G

Where do you end and when I start?

What time is it? Are we still, so far?

I will hold you in the dark

No matter what you say, I love you... okay?

G Eb4

And in that day we were brand new

Cadd9 Eb4

Discovering new things to do, lights shining through you

G Eb4 Cadd9

There's no place I'd rather be, there's no face I'd rather see...

G

You're the world, to me

Am Cadd9

I went through the clouds I went through the rain

Am Cadd9

We were aboard the crazy train

Where do you end and when I start?

What time is it? Are we still, so far?

I will hold you in the dark

No matter what you say, I love you... okay?
