

# Guns N' Roses - Estranged

tom:

A

When you're talking to yourself

And nobody's home

You can fool yourself

You came in this world alone

Alone

So nobody ever told you, baby

How it was gonna be

So what'll happen to you, baby

Guess we'll have to wait and see  
( G D C Eb F ) (2x) ( G Eb F ) (2x)

One, two

Old at heart but I'm only 28

And I'm much too young

To let love break my heart

Young at heart but it's getting much too late

To find ourselves so far apart

I don't know how you're supposed

To find me lately

And what more could you ask from me

How could you say that I never needed you

When you took everything

Said you took everything from me

( G Eb F )  
( G Eb F )

Young at heart and it gets so hard to wait

When no one I know can seem to help me now

Old at heart but I mustn't hesitate

If I'm find my own way out

Still talkin' to myself and nobody's home

Alone

So nobody ever told us, baby

How it was gonna be

So what'll happen to you, baby

So what'll happen to us, baby

G7 ( C Eb ) 5x Bb F C G C Bb

Guess we'll have to wait and see

( Bb F G Bb ( F C G F F7 ) (2x) C )

When I find all of the reasons

Maybe I'll find another way

Find another way

With all the changin' seasons of my life

Maybe I'll get it right next time

And now that you've been broken down

Got your head out of the clouds

You're back down on the ground

And you don't talk so loud

And you don't talk so proud

Any more, and what for

Well, I jumped into the river too many times

To make it home

I'm out here on my own, and drifting all alone

If it doesn't show give it time

To read between the lines

'Cause I see the storm getting closer

And the waves they get so high

Seems everything we've ever known's here

(3x) F Why must it drift away and die

( C G F C G C G F C )

I'll never find anyone to replace you

Guess I'll have to make it thru, this time

Oh, this time

Without you

I knew the storm was getting closer

And all my friends said I was high

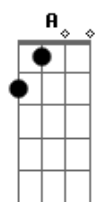

But everything we've ever known's here

I never wanted it to die
