You were the one who would do anything
B
The one who can't recall

Where she was while she was sleepin'
A
In another women's bed
E
Or the doctor's or the lawyer's
B
Or the stranger that she met
Bm
If there's nothing I can gain from this
A
Or anything at all
E
It'd be the knowledge that you gave me
E
When I thought I'd heard it all
[Refrão]
E F7M
It was a long time for you
G E F7M
It was a long time for me
G E F7M

Bm
Social class and registers
A
Cocaine in the hall
E
All the way from California
B
On the way to your next call
Bm
To those non-negotiations
A
To simulate a cause
E
For the betterment of evils
B
And your ways around the laws
Bm
That keep you up and sitting pretty
A

On a pedestal or bed
E
And now you're sleeping like an angel
B
Never mind who you gave head
Bm
If there's somethin' I can make of this
A
Or anything at all
E
It'd be the devil hates a loser
B
And you thought you had it all
[Refrão]

To the place in my soul
There all alone
