

Guns N' Roses - This I Love

tom:

Abm (forma dos acordes no tom de Am)

Afinação: Eb Ab Db Gb Bb Eb

Am

And now I don't know why

F

She wouldn't say goodbye

Dm

But then it seems that I

E

Had seen it in her eyes

Am

And it might not be wise

F

I'd still have to try

Dm

With all the love I have inside

E

I can't deny

Am

I just can't let it die

F

Cause her heart's just like mine

Dm

E

She holds her pain inside

Am

So if you ask me why

F

She wouldn't say goodbye

Dm

E

I know somewhere inside

Am

There is a special light

F

Still shining bright

Dm

And even on the darkest night

E

She can't deny

Am

So if she's somewhere near me

F

I hope to God she hears me

Dm

There's no one else could ever

E

Make me feel I'm so alive

Am

I hoped she'd never leave me

F

Please God you must believe me

Dm

I've searched the universe

E

And found myself within her eyes

(Am F Dm E)

Am

No matter how I try

F

They say it's all a lie

Dm

So what's the use of my

E

Confessions to a crime

Am

Of passions that won't die

F

In my heaaaaa... aaa

Dm

Aaaaaa... aaa

E

Aaaaaa... art

Am

So if she's somewhere near me

F

I hope to God she hears me

Dm

There's no one else could ever

E

Make me feel I'm so alive

Am

I hoped she'd never leave me

F

Please God you must believe me

Dm

I've searched the universe

E

And found myself within her eyes

Am

So if she's somewhere near me

F

I hope to God she hears me

Dm

There's no one else could ever

E

Make me feel I'm so alive

Am

I hoped she'd never leave me

F

Please God you must believe me

Dm

I've searched the universe

E

And found myself within her eyes

Am

And now I don't know why

F

She wouldn't say goodbye

Dm

It just might be that I

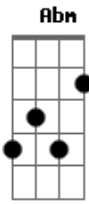

E

Had seen it in her eyes

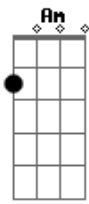

And now it seems that I
 Gave up my ghost of pride
 I'll never say goodbye

Aaah... aah
 Aaah... aah
 Aaah... aah
 Aaah... aah
