

Gustavo Bertoni - Rabbit Hole

tom:

D

How could I

Put in words

Your embrace?

It made me feel reborn

D. Yet I felt

Out of place

You'd never be mine

You're too good

You're too kind

I don't deserve it

In my mind

In my mind

In my mind

A daunting landmine

E A

I watch where I step

Cause its either guilt, fear or trauma

I don't trust my mind

So I need my soul to be forward

My body speaks

I hear it plead

Don't wanna go down down the rabbit hole

(Bm Abm G D Gb7)

(Bm Db7)

D7

How could I

Put in words

Your embrace?

It made me feel reborn

Gb

Yet I felt

Out of place

You'd never be mine

You're too good

You're too kind

I don't deserve it

In my mind

In my mind

In my mind

A daunting landmine

Now look where we are

Stranded in webs sewed by memories

Licked each other's wounds

Rested our heads on our bodies

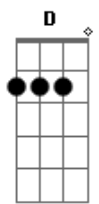

As I fell from grace

A new time and space

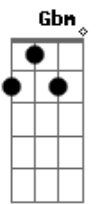

Almost went down down the rabbit hole

[Final] Bm Abm G D Gb7
Bm Db7 D7 D
