

Gustavo Bertoni - Snake Charmer

tom:
 Gm (forma dos acordes no tom de Am)
 Afinação: D G C F A D

I got a secret, what I've done ain't right
 I got a secret, what I've done ain't right
 The blame comes and goes
 Eating at my soul, where was my mind?

There was a snake charmer, calling out my name

There was a snake charmer, calling out my name
 For my darkest thoughts
 A couple bourbon shots, and I was game
 It is a comfort, veiling out the guilt
 But when the devil comes, our peace it jilts
 I check both sides of streets
 But my conscious' flees, God, help me see
