Dm G C F
Dm E Am

Love sick, out of my mind
I sought the remedy all around the town
Like a night flower

At, in the establishment here
In the south zone

The sickness of love, is cured by
There other another
I came to cure this love, my lady
In the establishment blue

And when the night browse on until
The brightness of the dawn
And these who used to party goes
All over the town, went to their beds

And the lady of the night
There was by my side, she also left me
The establishment was shut, alone again
I had to leave

[Refrão]

How can I leave by this?

If I don't even know, where am I destined to go?
Very vaguely I remember that I am here
In the establishment in the south zone
I have drunk so much and I don't remember even if I can
Wonder if was a south woman
The night flower of the establishment blue
(Dm G C F)
(Dm E Am A7)

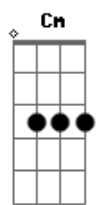

And when the night browse on until
The brightness of the dawn
And these who used to party goes
All over the town, went to their beds

And the lady of the night
There was by my side, she also left me
The establishment was shut, alone again
I had to leave

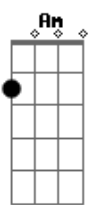

[Refrão]

How can I leave by this?
If I don't even know, where am I destined to go?
Very vaguely I remember that I am here
In the establishment in the south zone
I have drunk so much and I don't remember even if I can
Wonder if was a south woman
The night flower of the establishment blue
