

# Guy Sebastian - Standing With You

tom:

Intro: C Dm Am G

The more I tell you you can do this  
The more you tell yourself you're useless  
Any? advice? right now is? fruitless  
You're somewhere only you can go  
I? won't pretend to know, so

Instead of telling you "You'll be alright"  
I'm just gon' be that someone by your side  
Yeah, let me be that distant satellite  
A constant in the sky

'Cause I'm standing with you tonight  
Yeah, I will be that voice in your ear  
Quietly destroying your fear  
You won't even know that I'm here  
But I'm standing with you tonight  
Oh, I will be the pill for your pain  
Until the clouds have run out of rain  
Close enough but just out of sight  
I'm standing with you tonight

Your head is full and yet it's hollow  
Don't even think about tomorrow  
So if you let me I will follow  
Oh, if you're gonna go  
At least you're gonna know, oh woah

Instead of telling you "You'll be alright"  
I'm just gon' be that someone by your side
