## H. Shadows - Start Dancing

| tom:                       | You are crying                   |
|----------------------------|----------------------------------|
| A<br>Intro: A              | You are dying                    |
| A                          | You are thinking                 |
| Start!                     | Don?t cry                        |
| Start dancing on the floor | You are mine                     |
| To dancing                 | In my mind                       |
| To live                    | You are crazy                    |
| Stop of                    | For dance                        |
| <mark>E</mark><br>Dance    | <mark>A</mark><br>You are crying |
| Will never go              | You are dying                    |
| To party                   | You are lie                      |
| Like<br>A party<br>A       | So dance<br>Don?t cry            |
| Here                       | Don?t lie                        |
| Pulse feel the vibration   | Never mind                       |
| In me                      | So dance                         |
| In you                     | Freak down!                      |
| In we                      | Α                                |
| So dance                   | Party!                           |
| A<br>You are crying        | You know                         |
|                            | I know                           |
| You are dying              | I hope                           |
| You are lie                | Dance with body and soul         |
| Let?s dance                | Never                            |
| You stay                   | Stop                             |
| You are crying             | Of dancing                       |
| You stay                   | Let?s go!                        |
| You stay here              | Dance with soul                  |
| C                          |                                  |
