Dbm

A Dbm

Red eyes, like the smoke we rise

B Gbm

As the candle's burning low

A Dbm

Trust me in whatever you like

B Gbm

Are you playing with me?

A Dbm

Every time your name, it leaves my lips

B Gbm

Burning still, like words left unsaid

A Dbm

Fire in my veins, drink deeply, love

B Gbm

Remind me I'm alive

A Dbm

Will you love me when my heartbeat stops?

B Gbm

When my heartbeat stops, will you stay mine? (Mine)

A Dbm

Will you promise me you'll search for us?

B Gbm

Will you find me after life? (Life)

A Dbm

Oh, for better or for worse

B Gbm

Will death be our last kiss, my love? (Love)

A Dbm

Will you promise me you'll search for us?

B Gbm

Will you find me after life? (Life)

A

My ear is buzzing

Dbm

Oh, I'm trapped, no one's coming

B Gbm

Immortality is bliss

A Dbm

You put me down, then put me on a pedestal

B Gbm

Now that I'm gone, you're gonna miss me

A Dbm

Every time your name, it leaves my lips

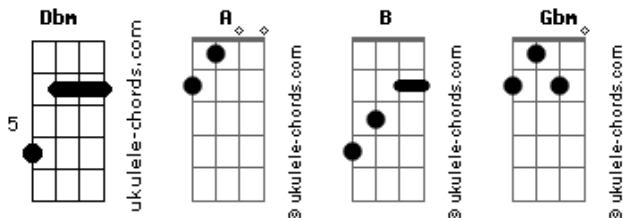

B Gbm

Burning still, like words left unsaid

A Dbm

Fire in my veins, drink deeply, love
