

Hailee Steinfield - Afterlife

```
tom:
 Red eyes, like the smoke we rise
As the candle's burning low
      Dbm
 Trust me in whatever you like
Are you playing with me?
Every time your name, it leaves my lips
Burning still, like words left unsaid
                      Dbm
Fire in my veins, drink deeply, love
B Gbm
Remind me I'm alive
 Will you love me when my heartbeat stops?
When my heartbeat stops, will you stay mine? (Mine)
                           Dbm
 Will you promise me you'll search for us?
Will you find me after life? (Life)
Oh, for better or for worse
      Dbm
Will death be our last kiss, my love? (Love)
Will you promise me you'll search for us?
                      Gbm
Will you find me after life? (Life)
 My ear is buzzing
     Dbm
Oh, I'm trapped, no one's coming
 Immortality is bliss
 Dbm
You put me down, then put me on a pedestal
Now that I'm gone, you're gonna miss me
Every time your name, it leaves my lips
Burning still, like words left unsaid
Fire in my veins, drink deeply, love

Will you find me after life? (Life)
 Candle's burning
Will you find, will you find me after life?
  Oh, after life, the afterlife
 Will you love (Will you love) in the afterlife?
Will you love (Will you love), will you love me?
                            Dbm
 Will you love (Will you love) in the afterlife?
Will you love (Will you love), will you love me?
 Will you love me when my heartbeat stops?
When my heartbeat stops, will you stay mine? (Mine)
 Will you promise me you'll search for us?
                      Gbm
Will you find me after life? (Life)
 Oh, for better or for worse
Will death be our last kiss, my love? Oh-Oh
   When my heartbeat stops, will you stay mine?
