 Intro: **Bm A**

[Primeira Parte]

Oh, I wish that I could be selfish

But I know what that means

That you would be out there hurting

Oh, and I would be free

(Let me be selfish)

So, come find me in the middle of the night  
 I'll be your home, we'll be safe from all the lie

[Refrão]

Why am I so dangerous to you?

You know I wanna let you in

I know you what you wanna do

Why am I so dangerous to you?

You know I'm gonna let you in

Don't you worry, I'll find you

[Pós-Refrão]

Give me one night, one dance, one sec (Sec)

Give me one night, no tears in your eyes

Give me one night with your hands on this (This)

Give me one bite and don't be shy

Give me one night, one dance, one sec (Sec)

Give me one night, no tears in your eyes

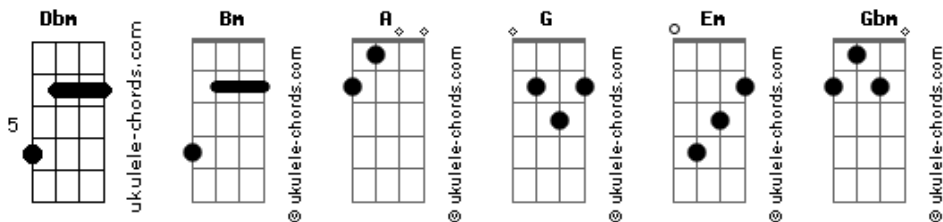

Give me one night with your hands on this (This)

Give me one bite and don't be shy

[Segunda Parte]

Give me what I what

## Acordes

And don't be protecting me from the things we can't control

Can't we just be in denial one second to the next?

If we just stay here

[Refrão]

Why am I so dangerous to you?

You know I wanna let you in

I know you what you wanna do (I know you what you wanna do)

(Wanna make it dan-dan-dangerous)

Why am I so dangerous to you? (To you; Oh-oh-oh)

You know I'm gonna let you in

Don't you worry, I'll find you (Let me in, let me in)
