

HAIM - Days Are Gone

Tom: F

And I got back up when I lost control
Over it all, over it all

And I knew that I couldn't take no more
'Cause I want it all, I want it all

All the times I've said it
All the times I said it before

Those days are gone
'Cause you didn't know how

And I know that now
I want it all, I want it all

Felt like I was walking on a tight rope
Those days are gone, those days are gone

Sometimes I wish I didn't miss you at all
Those days are gone

Holding on, holding on, holding on
Those days are gone

And now I'm waiting for the day to dawn
Those days are gone

(F Am Dm) 2x

I remember when you found it hard to give
But I gave it all, I gave you my all

You only took one side when all my hopes ran dry

Those dreams are gone, gone all along
All the times I said it
All the times I said it before

I'm moving on
You can have my past, I'll never get that back

I'm moving on, 'cause those days are gone
Felt like I was walking on a tight rope

Those days are gone, those days are gone
Sometimes I wish I didn't miss you at all

Those days are gone
Holding on, holding on, holding on

Those days are gone
And now I'm waiting for the day to dawn

Those days are gone
Days are gone, days are gone

Days are gone, days are gone
All my love that I can't hide

All my love now you can't find it (repeat x4)

Those days are gone, those days are gone
Those days are gone, holding on

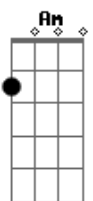

Holding on, holding on, those days are gone
And now I'm waiting for the day to dawn

Those days are gone
