

# HAIM - Now I'm In It

tom:

**E**

[Primeira Parte]

**E**  
Looking in the mirror again and again  
Wishing the reflection would tell me something  
**A**  
I, I can't get a hold of myself  
I can't get outta this situation  
**E**  
Walking in a straight line thinking about last time  
This time I said I would do this right  
**A**  
Said I would never break this promise  
And now I'm back to counting on us  
[Pré-Refrão]

**E**  
We cannot be friends  
Cannot pretend  
**A**  
That it makes sense  
**E**  
We cannot be friends  
Cannot pretend  
**A**  
That it makes sense  
[Refrão]

**E**  
'Cause now I'm in it  
But I've been trying to find my way back for a minute  
**A**  
Damn, I'm in it  
And I've been trying to find my way back for a minute  
**B**  
[Segunda Parte]

**E**  
Locking all the doors to my house  
I'm alone in my head  
But I wish you were in my bed  
**A**  
Can't get a read on myself  
Gotta change this situation

**E**  
Something in the way that I felt when I woke up  
Told me that I shouldn't give in, give up hope  
**A**  
Told me that I shouldn't fight what I felt  
Told me I should not let go 'cause  
[Pré-Refrão]

**E**  
We cannot be friends  
Cannot pretend  
**A**  
That it makes sense  
[Refrão]

**E**  
'Cause now I'm in it  
And I've been trying to find my way back for a minute  
**A**  
Damn, I'm in it  
And I've been trying to find my way back for a minute  
**B**  
**A** **B**  
'Cause now I'm in it  
And I've been trying to find my way back for a minute  
**A**  
And the rain keeps coming down along the ceiling  
And I can hear it  
But I can't feel it, oh  
( **E** **Am** **E** **A** **E** )

But I can't feel it, oh
