

# HAIM - Want You Back

Tom: C

Intro: C G F

Some things are long forgotten

Some things were never said

We were on one endless road

But I had a wandering heart

I said we were opposite lovers

(Said it from the beginning)

You kept trying to prove me wrong

(Said you'd always see it through)

And I know that I ran you down

So you ran away with your heart

But just know that I want you back

Just know that I want you back

Just know that I want you

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

Just know that I want you back

Just know that I want you back

Just know that I want you

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

I know it's hard to hear it

And it may never be enough

But don't take it out on me now

?Cause I blame it all on myself

And I had a fear of forgiveness

(Said it from the beginning)

I was too proud to say I was wrong

(Said you'd always see me through)

All that time is gone, no more fearing control

I'm ready for the both of us now

So just know that I want you back

Just know that I want you back

Just know that I want you

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

(Just know that I want you)

(Just know that I want you back, baby)

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

So just know that I want you back

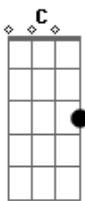

Just know that I want you back

Just know that I want you

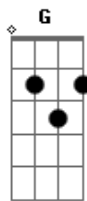

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you
