

Halsey - Alone

Intro: G Em G Em

Tom:

Said he tried to phone me
But I never have time

He said that I never listen
But I don't even try

I got a new place in Cali
But I'm gone every night

So I fill it with strangers
So they keep on the lights

She said she told you she knows me
But the face isn't right

She asked if I recognized her
And I told her I might

See, everywhere I go
I got a million different people tryna' kick it
But I'm still alone in my mind

I know you're dying to meet me
But I can just tell you this

Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)

I stayed a night out in Paris
Where they don't know my name

And I got into some trouble
With that drink in my veins

I got a problem with parties
'Cause it's loud in my brain

And I can never say sorry
'Cause I won't take the blame

I know I always go missing
And you're lying awake

But if you ask why I'm distant
Oh, I'm runnin' away

You know that everywhere I go
I got a million different people tryna' kick it
But I'm still alone in my mind

I know you're dying to meet me
But I can just tell you this

Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)

I, I know you wanna
I, I know you wanna
Slip under my armor

I, I know you wanna
I, I know you wanna
Slip under my armor

See, everywhere I go
I got a million different people tryna' hit it
But I'm still alone in my mind

I know you're dying to meet me
But I can just tell you this

Baby, as soon as you meet me
You'll wish that you never did
(You'll wish that you never did)
Yeah

(I know you wanna)
(I, I know you wanna)
You'll wish that you never did

(I know you wanna)
(Slip under my armor)
Oh

(I know you wanna)
(I, I know you wanna)
You'll wish that you never did

Acordes
