

Halsey - Not Afraid Anymore

```
Tom: G
I am not afraid anymore
Standing in the eye of the storm
Ready to face this,
dying to taste this, sick sweet
Warmth
I am not afraid anymore
I want what you got in store
I'm ready to feed now, get in
your seat now
And touch me like you never
And push me like you never
And touch me like you never
'Cause I am not afraid, I am not
afraid anymore
No no no
I am not ashamed anymore
I want something so impure
You better impress now,
watching my dress now fall to
the floor
Crawling underneath my skin,
sweet talk, better hit the sin
```

Begging you to take me Devil underneath your grin, sweet thing, bet you play to win, heaven gonna hate me And touch me like you never And push me like you never And touch me like you never 'Cause I am not afraid, I am not afraid anymore No no no Fm No Crawling underneath my skin, sweet talk, better hit the sin Begging you to take me Devil underneath your grin, sweet thing, bet you play to win, Em C D heaven gonna hate me And touch me like you never And push me like you never And touch me like you never 'Cause I am not afraid, I am not afraid anymore
