Halsey - Without Me

```
                           tom:
              Am

              Am
Found you
    Em
When your heart was broke
G
I filled your cup
D
Until it overflowed
D
Took it so far
     Em
To keep you close (Keep you close)
      Am        G             D
I was afraid to leave you on your own

( D )

Am              Em          G
I said I'd catch you if you fall (Fall)
            D                   Am
And if they laugh, then fuck 'em all (All)
             Em              G
And then I got you off your knees
              D          Am
Put you right back on your feet
                 Em             G
Just so you could take advantage of me

( G )

Am              Em             G
Tell me, how's it feel sittin' up there?
           D                    Am
Feeling so high, but too far away to hold me
Am         Em                   G
You know I'm the one who put you up there
G       D                 Am        Am
Name in the sky, does it ever get lonely?

                    Em      G   D
Thinking you could live without me
                    Em      G   D
Thinking you could live without me

Am                  Em

Just running from the demons in your mind
Am           D           G
Then I took yours and made 'em mine (Mine)
D                Am              Em
I didn't notice 'cause my love was blind

Am              Em          G
I said I'd catch you if you fall (Fall)
