

# Halsey - Young God

Tom: **C**

He says, "Oh, baby girl, you know we're gonna be legends  
I'm a king and you're a queen and we will stumble through heaven  
If there's a light at the end, it's just the sun in your eyes  
I know you wanna go to heaven but you're human tonight"

And I've been sitting at the bottom of a swimming pool  
For a while now, drowning my thoughts out, the sounds

Do you feel like a young god?  
You know the two of us are just young gods  
And we'll be flying through the streets with the people underneath  
And they're running, running, running  
Do you feel like a young god?  
You know the two of us are just young gods  
And we'll be flying through the streets with the people underneath  
And they're running, running, running again

He says "Oh, baby girl, don't get cut on my edges  
I'm the king of everything and oh, my tongue is a weapon  
There's a light in the crack that's separating your thighs  
And if you wanna go to heaven you should fuck me tonight"

And I've been sitting at the bottom of a swimming pool  
For a while now, drowning my thoughts out, the sounds

Do you feel like a young god?  
You know the two of us are just young gods  
And we'll be flying through the streets with the people underneath  
And they're running, running, running  
Do you feel like a young god?  
You know the two of us are just young gods  
And we'll be flying through the streets with the people underneath  
And they're running, running, running again
