

Hamilton - My Shot

```
Tom: G
                                                              I am not throwing away my shot (my shot)
                                                                 Bdim
                                                                        Cm
                                                              Hey yo, I'm just like my country
                                         Gm Am
                Gm
                                                              I'm young, scrappy, and hungry
I am not throwing away my shot
   Bb
I am not throwing away my shot
                                                              And I'm not throwing away my shot
  Bdim Cm
Hey yo, I'm just like my country
                                                                                        Gm Am
I'm young, scrappy, and hungry
                                                              I am not throwing away my shot
  Dm Eb
                                                              I am not throwing away my shot
And I'm not throwing away my shot
                                                                 Bdim Cm
( D )
                                                              Hey yo, I'm just like my country
                                                              I'm young, scrappy, and hungry
                                                                  Dm Eb
I'mma get scholarship to King's College
                                                              And I'm not throwing away my shot
                               Bb
I probably shouldn't brag, but dag, I amaze and astonish
                                                              It's time to take a shot!
          Bdim Cm
The problem is I got a lot of brains, but no polish
 Cm Dm
                                                              I dream of life without the monarchy
                          Eb
I gotta holler just to be heard
                                                              Bb
With every word I drop knowledge
                                                              The unrest in France will lead to "onarchy"
                                                              "Onarchy?" How you say, how you s?Oh, anarchy!
I'm a diamond in the rough, a shiny piece of coal
                                                              When I fight I make the other side panicky
                                                       Bdim
Am
         Bb
Tryin' to reach my goal, my power of speech: unimpeachable
                                                              Shot!
Only nineteen, but my mind is older
These New York City streets getting colder, I shoulder
                                                              Yo, I'm a tailor's apprentice
Ev'ry burden, ev'ry disadvantage
                                                                   Bb
                                                              And I got y'all knuckleheads in loco parentis
                       Am
I have learned to manage. I don't have a gun to brandish
                      Ν
                                                              I'm joining the rebellion cuz I know it's my chance
I walk these streets famished
                                                              To socially advance, instead of sewin' some pants
  Cm
The plan is to fan this spark into a flame
                                                              I'm gonna take a
                                                              HAMILTON, MULLIGAN, LAURENS, LAFAYETTE:
But damn, it's getting dark, so let me spell out my name
I am the?
                                                              Shot!
                                                                            Gm
A-L, E-X, A-N, D
                                                              Eh, but we'll never be truly free
E-R?we are?meant to be
                                                              Until those in bondage have the same rights as you and me
                                                              Cm
                                                                                                       Dm Eb
                                                              You and I, do or die, wait till I sally in on a stallion
A colony that runs independently
                                                              With the first black battalion
Meanwhile, Britain keeps shitting on us endlessly
                                                              Have another
Essentially, they tax us relentlessly
                                                              Gm
                                                              Shot!
Then King George turns around, runs a spending spree
       Cm
                           Dm
He ain't never gonna set his descendants free
                                                              Geniuses, lower your voices
                                                                                                    Bb Bdim
            Eb
So there will be a revolution in this century
                                                              You keep out of trouble, and you double your choices
                                                                                        Cm Dm
                                                              I'm with you, but the situation is fraught
ENTER ME!
                                                              You've got to be carefully taught:
(He says in parentheses)
                                                              If you talk, you're gonna get shot!
Don't be shocked when your history book mentions me
                                                              Burr, check what we got
Bdim Cm
I will lay down my life if it sets us free
                                                              Mr. Lafayette hard rock like Lancelot
                                                                          Cm
Eventually you'll see my ascendancy
                                                              I think your pants look hot
                                                              Laurens, I like you a lot
And I am not throwing away my shot (my shot)
                                                              Let's hatch a plot blacker than the kettle callin' the pot
```

What are the odds the gods would put us all in one spot
                                                               If I see it coming, do I run or do I let it be?
Poppin' a squat on conventional wisdom, like it or not
                                                               Is it like a beat without a melody?
                              Dm
A bunch of revolutionary manumission abolitionists
                                                                See, I never thought I'd live past twenty
Give me a position, show me where the ammunition is
                                                               Where I come from some get half as many
                                                                          Cm
                                                                Ask anybody why we livin' fast and we laugh, reach for a flask
Oh, am I talkin' too loud?
Sometimes I get over excited, shoot off at the mouth
I never had a group of friends before
                                                               We have to make this moment last, that's plenty
I promise that I'll make y'all proud
                                                               Scratch that
Let's get this guy in front of a crowd!
                                                               This is not a moment, it's the movement
I am not throwing away my shot
                                                                                                                   Bdim
                                                               Where all the hungriest brothers with something to prove went
    Bb
I am not throwing away my shot
   Bdim
           Cm
                                                                Foes oppose us, we take an honest stand
Hey yo, I'm just like my country
                                                               We roll like Moses, claimin' our Promised Land
I'm young, scrappy, and hungry
And I'm not throwing away my shot
                                                               And? If we win our independence?
I am not throwing away my shot
                                                                'Zat a guarantee of freedom for our descendants?
    Bb
I am not throwing away my shot
                                                               Or will the blood we shed begin an endless
   Bdim
           Cm
Hey yo, I'm just like my country
                                                               Cycle of vengeance and death with no defendants?
I'm young, scrappy, and hungry
And I'm not throwing away my shot
                                                                I know the action in the street is excitin'
Everybody sing
                                                                But Jesus, between all the bleedin' 'n fightin'
                                                               I've been readin' 'n writin'
Woah-woah, wo-oh-oh (Woah-woah, wo-oh-oh)
                                                               We need to handle our financial situation
Wo-oh-oh (Wo-oh-oh)
                                                               Are we a nation of states? What's the state of our nation?
Wooh!!
Wo-oh-oh (Wo-oh-oh)
                                                               I'm past patiently waitin'! I'm passionately smashin' every
Sing let 'em hear ya (Yeah)
                                                               expectation
                                                                              Bb
                                                                                     Bdim
                                                               Every action's an act of creation
Let's go! (Woah-woah, wo-oh-oh)
I said, shout it to the rooftops
                                                               I'm laughin' in the face of casualties and sorrow
 Bdim
        Cm
                                                               For the first time, I'm thinkin' past tomorrow
(Wo-oh-oh)
Said to the rooftops
  Dm Eb
(Wo-oh-oh)
                                                               And I am not throwin' away my shot
Now come on
 D
                                                               I am not throwin' away my shot
(Yeah)
                                                                    Bdim
Now come on, let's go
                                                               Hey, yo, I'm just like my country
                                                               I'm young, scrappy, and hungry
                                                               And I'm not throwin' away my shot
Rise up
When you're living on your knees, you rise up
                                                               We gonna
                           Bdim
                                  Cm
Tell your brother that he's got to rise up
                                                                rise up; time to take a shot
                           Dm
                                  Eb
                                                                (Not thrown? away my shot)
Tell your sister that she's got to rise up
                                                               We gonna
When are these colonies gonna rise up
(Whoa, woah)
                                                                rise up; time to take a shot
                                                                (Not throwin? away my shot)
When are these colonies gonna rise up (Woah)
                        Bdim Cm
When are these colonies gonna rise up (Woah)
                                                                  Bdim
                        Dm
                           Eb
                                                               We gonna
When are these colonies gonna rise up (Woah)
Rise up
                                                                (rise up, rise up)
                                                               It?s time to take a shot
I imagine death so much it feels more like a memory
When's it's gonna get me?
                                                                (Rise up, rise up)
```

Oferecimento Lojalele.com.br

In my sleep? Seven feet ahead of me?

It?s time to take a shot (rise up, rise up) (Wo-oah) Time to take a shot (rise up) Take a shot, a shot, a shot, (0h-0h, oh)

Fb

A-yo, it's time to take a shot (Woah, oh-oh oh) Time to take a shot (Woah-oh) And I am (And I am)
