

Hangar - The Reason Of Your Conviction

tom:

B

Ebm **B** **Abm** **Ebm** **Db**

A man of means inert on those skins

Your face is haunting something else to live

Watching me, but as the naivety had been

B

The reason of your destiny

Abm

You can feel the silence

Ebm **E**

Screaming inside your heart

B **Abm** **Ebm**

There is no lie in that house

E

Your life is changing

Dbm **A** **E** **Gb**

Awaking and looking at dead faces

Dbm **A** **E** **Gb**

I will forgive the pain and all mistakes

Ebm **Db**

Wanting me my wittiness will be safe

B

You are taking over me again

Abm **Ebm**

Somehow the pain inside your eyes

E

Is just the beginning

Dbm **A** **E** **Gb**

The holiness arriving without fears

Dbm **A** **E** **Gb**

Waiting for the sentence in the haze across the dark

Dbm **A** **E** **Gb**

Nothing is so sad like the guilty in your heart

Dbm **A** **E** **Gb**

And I believe, you have no way to learn

Ebm **Bbm** **Db** **B**

Do you think you can profile me?

Ebm **Bbm** **Db**

I feel something different in your voice

B

You just have to learn

Abm

When the past is real

Ebm **E**

Screaming inside your heart

B **Abm** **Ebm**

Somehow the pain inside your eyes

E

Is just the beginning

Dbm **A** **E** **Gb**

The holiness arriving without fears

Dbm **A** **E** **Gb**

Waiting for the sentence in the haze across the dark

Dbm **A** **E** **Gb**

Nothing is so dangerous like the guilty in the earth

Dbm **A** **E** **Gb**

And I believe, you have no way to learn
