

# Hannah Telle - Hurricanes

tom:

G

Skies above are darkening  
C D  
I don't know where you are  
G Em  
Take away these hurtful things  
C C  
I thought we'd come so far

C Em  
Now every evening I go out  
D C  
Sleeping by your door  
C Em  
Hurricanes are blowing  
D C  
This tidal wave to shore

G Em  
Present flooded by the past  
C D  
I dwell inside a jar  
G Em  
Press my face against the glass  
C D  
Mourning every scar

C Em  
Stumbling through your cemetery  
C C  
Craving to be craved  
C Em  
Time will tell the awful truth

D C  
We won't escape this maze

G Em C C  
But you are the one I adore  
G Em C C

Always and forevermore  
A D G Em C D  
We'll sail this ship through the storm

G Em  
Old familiar feeling  
C D  
Of you slipping through my hands  
G Em  
The sea will drag us out  
C C  
Until we're praying for the land

C Em  
Don't you know that I can see  
C C  
The truth behind your lies

C Em  
Wasn't me who gathered  
D C  
All those clouds inside your eyes

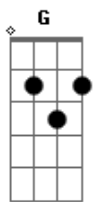

G Em C C  
But you are the one I adore  
G Em C C  
Always and forevermore  
A D G Em C D  
We'll sail this ship through the storm

( G Em C D )  
( G Em C D )  
( G Em C D )

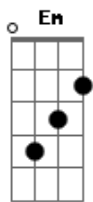

G Em C C  
But you are the one I adore  
G Em C C  
Always and forevermore  
A D G Em C D  
We'll sail this ship through the storm

[Final] G Em C D G
