Tom: **E_b**

(Jimi Hendrix)

[Intro:] **G B_b C_m F C_m F C_m F B_b**

C_m
I'm not the only soul
F
Who's accused of hit and run
C_m
Tire tracks across your back
F
I see you had your fun
B_bm **E_b7**
But a darlin can't you see my signals turn from green to red
A_b **G7**
And with you I can see a traffic jam straight up ahead

B_b
You're just like
C_m **F**

Crosstown traffic it's so hard to get to you
C_m **F**
Crosstown traffic I'm gonna run right over you
C_m **F**
Crosstown traffic you try to slow me down
B_b
And I got better things on the other side of town

G_b **F**
You jump in front of my car all the time
C_m **F**
90 miles an hour baby is the speed I drive
B_bm **E_b7**
You say it's all right, you don't mind the pain
A_b **G7**
You say you just want me to take me for a ride

You're just like
Crosstown traffic it's so hard to get to you
Crosstown traffic I'm gonna run right over you
Crosstown traffic you try to slow me down
I'm trying to get to the other side of town
