

Hanson - Down

Tom: E
(I. Hanson / T. Hanson / Z. Hanson)

[Intro:] E B Dbm

E B Dbm E
I thought I heard you rake in the coals
B Dbm E
Underneath this lonely man's soles
B Dbm E
Why can't you just let it all go?
B Dbm E
Then I start to go down

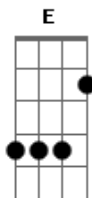

B Dbm E
I heard him say, "life is a joke"
B Dbm E
His laugh burned like acid rain smoke
B Dbm E
Why can't you love what you don't know

B E B Dbm A B A
Then I start to go down, down, down way too low
E B Dbm A B A
I start to go down, down, down you can't pull up anymore
E
Once you've gone down, down, down, down...

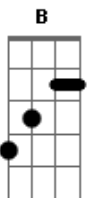

I heard me say, "what is worth?"
You just get pain for all your life's work
I'll just crawl into my black hole

Gbm Abm A
Superman's covered in rust
Gbm Abm A
All of my dreams gone bust
Gbm Abm A
This time I've fallen down stuck in this rut
Gbm Abm A
Maybe I'll try falling up
Gbm Abm B E
Cos I've fallen far enough
