

# Hanson - Go

Tom: **G**  
Intro: **G C Em D**

**G** **C**  
For all the love we've made  
**Em** **D**  
Just one thing stays the same  
**G** **C**  
The lamp gets dusty, the pipes get rusty  
**Em** **D**  
But I don't wanna wash my hands clean  
  
Well you say you love me too  
Then why won't you go through  
With the nightly kisses, with the hits and the misses

Well if you can make it on your own then...

**G** **C**  
Go if you wanna go  
**Em** **D** **G**  
But stay if you wanna know the way  
**C**  
Through the mess we've made  
**Em** **D** **G**  
Or lie in the bed you know or go

I heard your moving van  
But I didn't take a stand  
You can't leave with them  
You can't live without them  
I never thought I'd want to let you...
