

Hanson - In The City Solo

Tom: **Bb**

This is an easy part to play. It is the section between 1 line and another in the verse.
It is also the intro:
(Riff #1)

Don't play them together though. The above riff shows two

different guitars. The bottom is guitar #1 and the top is guitar #2.

(Riff #1) I see you walking out that door. (Riff #1 up to the second set of 6 8 8's) And you know you can't hide no more. (Riff #1 up to the second set of 6 8 8's)

Easy right :) Enjoy!
