

Hanson - My Own Sweet Time

Tom: G
(I. Hanson / T. Hanson / Z. Hanson)

G
Hello goodbye my friend
Feels like the start all over again

Em C
But I'd rather not pretend

G D
There aren't things left to mend

Em C
Somebody break my fall

G D
I'm slippin' down all over again

Em
I'm doing it all over
G C Am
Takin' my own sweet time

Em
I may make it slower

G C
But I'm takin' my own sweet time

Am
I'm takin' my own sweet

Em C
Tell me where I begin

G D
You can't deny what's already there

Em C
I won't break but I can bend

G D
Your shipping the scars so that I can't mend?

Em C
Feel your fingers around my throat

G D
There's nothing but bones beneath my skin

Em C
Somebody break my fall

G D
I'm slippin' down all over again

Em
...time

C G D
I'm doing it all over again, my friend

Em C G D
See my friend, you know, I'm doing it all over again, again

Oh hello goodbye my friend
Until we start all over again
Oh somebody break my fall
I'm slippin' down all over again

(Em G C Am)
Oh over again
Oh doing it all over
Hello goodbye my friend
Until we start all over
Start all over again
I'm doing it all over
Doing it all over
Hello goodbye my friend
Until we start all over
Start all over
I'm doing it all over again
Doing it all over again
