

Hanson - Never Love Again

```
Tom: F
   ( I. Hanson / T. Hanson / Z. Hanson )
[Intro:] C7
Just a simple conversation
But I've memorized each line
The way you hold your head when you're smiling
Gets me every time
Though you take my breath away
There's one thing I have to say
                Eb C7 C7
I'll never love again, again
I tore up all the letters that you wrote me
I packed up all your things
But I can't stop myself from hoping
When the telephone rings
               Dm7
It's funny how I feel this way
And all that's left to say
```

```
I'll never love again
            C7 C7 Db Dm
I'll never love again
If I had won the world
And angel wings unfurled
                     C7 Db Dm
And came down by my side
             Dm7 Bb
I'd give it all away for just a single day
                      Eb
                              C7 C7
That I could use to change your \mbox{\em mind}
So when I see you next time
Please don't cause a fuss
Cos I still haven't told all my friends
About the two of us
All of this is yesterday
And all that there is left to say
I'll never love again
               Fb
I'll never love again
              C7
I'll never love again
                    Db Ab Bbm F
        C7
I will never love again
```
