

Hanson - One More

Tom: **D**

I. Hanson / T. Hanson / Z. Hanson

[Intro:] **D A Bm G**

D **A** **Bm**
I sit here by myself
G **D**
Just staring into space
A **Bm**
I thought I knew you well
G **D**
But who can ever say
Em
It seems I spent so long
Gbm **G**
I can?t define my right from wrong

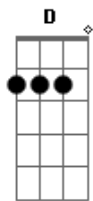

A **D**
One more for the night and
Bm **G**
One more for the pain and
A **D**
One more long goodbye

Bm **G**
One shot to the brain and
A **D**
One more taste of nothing
Bm **F**
One more takes the blame
G
Who do I blame?

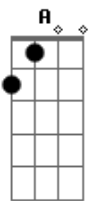

I dream of better days
That?s long gone by the ways
Is there a better place
But who can ever say
It seems I spent so long
I can?t define my right from wrong

D **A**
Cause nothing?s over till it?s over
Bm **G**
And if it?s over, I don?t want to hear it
D **A**
"Look into my eyes,? I told her
Bm **G**
"Holding onto what is gone won?t heal it?
