

Harry Styles - Stockholm Syndrome

Tom: E

(forma dos acordes no tom de Eb)
Capostrate na 1ª casa

Who's that shadow holding me hostage I've been here for days
Who's this whisper telling me that I'm never gonna get away
I know they'll be coming to find me soon
But I fear I'm getting used to

Being held by you

(ooh)baby look what you've done to me
(ooh)baby look what you've done now
(ooh)baby I'll never leave you if you keep holding me this way
(ooh)baby look what you've done to me
(ooh)baby look you've got me tied down

(ooh)baby I'll never leave you if you keep holding me this way

Who's this man that's holding your hand
And talking about your eyes

Used to sing about being free but now he's changed his mind

I know they'll be coming to find me soon
But my stockholm syndrome is in your room
pause
Yeah I fell for you

(ooh)baby look what you've done to me
(ooh)baby look what you've done now
(ooh)baby I'll never leave you if you keep holding me this way
(ooh)baby look what you've done to me
(ooh)baby you've got me tied down
(ooh)baby I'll never leave you if you keep holding me this way

All my life I've been on my own
I used the light to guide me home
But now together we're alone
And there's no other place I'd ever wanna go

(ooh)baby look what you've done to me
(ooh)baby look what you've done now
(ooh)baby I'll never leave you if you keep holding me this way
(ooh)baby look what you've done to me
(ooh)baby you've got me tied down
(ooh)baby I'll never leave you if you keep holding me this way
