

## Harry Styles - Sunflower, Vol. 6

```
Your flowers just died
                           tom:
Intro: F
                                                              Plant new seeds in the melody
[Primeira Parte]
                                                               Let me inside
                                                               I wanna get to know you
 Sunflower
   F
 Sunflower, my eyes want
                                                               I don't wanna make you feel bad
                                                              But I've been trying hard not to act a fool
You more than a melody
Bb F
 Let me inside, wish
                                                                  Sunflower (sunflower, sunflower)
I could get to know you Bb F C
                                                              [Ponte]
Sunflowers sometimes keep
                                                                         Gm
                                                              I couldn't want you any more
It sweet in your memory
                                                              Kiss in the kitchen
 I was just tongue-tied
