

Hayd - All Of The Stars

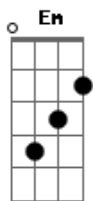

tom:
 C C Em
 Funny how time moves fast
 Am
 While other times, it feels so slow
 F
 When we first fell in love
 And when we had to let it go
 C Em
 All that we've done is try
 Am
 Now all we can do is fold
 F
 Doesn't mean that we failed
 Em
 It only means that now we know
 G
 And I hope you know
 C
 If all of the stars align in the sky
 Em
 Then I would be yours and you would be mine
 Am G
 But not in this life, it's not the right time
 F
 It's not you and I
 C
 If all of the pieces fell into place
 Em
 We'd make it all work through time and through space
 Am G
 We know it's too late, know we can't wait
 F
 It's better this way
 C Em
 Finally, the end's in sight
 Am
 But wasn't it a hell of a ride?
 F
 Know I'll never be so low
 C
 I wonder if I'll reach the heights
 Em
 That only you and I
 Am

Had by each other's side
 F
 The view we had from outer space
 Em
 Gone before I blinked my eye
 G
 And I hope you know
 C
 If all of the stars align in the sky
 Em
 Then I would be yours and you would be mine
 Am
 But not in this life, it's not the right time
 F
 It's not you and I
 C
 If all of the pieces fell into place
 Em
 We'd make it all work through time and through space
 Am
 We know it's too late, know we can't wait
 F
 It's better this way
 [Ponte]
 G Am
 Wish there was something I could do to make it right
 F
 And hold you one more time
 C
 Tell you it's alright
 G Am
 Written in the stars, our love falling from the sky
 F
 There's no you and I
 G
 No, there's no you and I
 C
 If all of the stars align in the sky
 Em
 Then I would be yours and you would be mine
 Am G
 But not in this life, it's not the right time
 F
 It's not you and I
